

COLLINS **WORKALL**®

WORKALL is the ONE versatile tractor designed for your Forestry, Construction, and Agricultural needs

The **COLLINS WORKALL**® is the ONE versatile tractor designed for your forestry, construction, and agricultural needs. **WORKALL**® can be used with standard farm attachments, as a small skidder, dump truck, loader, backhoe, snowblower, mower, forklift, rototiller, eliminating the need for many single purpose machines. The tip-resistant oscillating and articulating center joint keeps all four wheels on the ground, combined with the **WORKALL**®'s narrow width, equal weight distribution, and excellent maneuvering characteristics makes this safe, conservation-friendly tractor ideal for use in rugged, hilly New England terrain.

The **COLLINS WORKALL®** tractor is ideal for challenging jobs, for example:

- Eco-Friendly Forestry, Farming
- Small Scale Forestry Operations
- Landowners who don't want to own and Maintain Multiple Machines
- Rough Terrain Mowing
- Forestry Firefighting and Municipal Utility Work
- Job limited only by owner's creativity!

The **COLLINS WORKALL®** tractor is Engineered from the Ground Up!
